

Track and Field Timing Services

Fast Feet Timing is a family business dedicated to providing a high quality service at reasonable prices. Check out what we have to offer before you commit to Timing Companies with high prices. Fast Feet Timing loves the sport of Track & Field and Cross Country and through our services hope to grow the Sport much like gatfxc.com has done the past 5 years. We use the latest upgrades in **Finish Lynx FAT systems and employ RaceClock.com technology**, including a large Finish Line clock and Split Clocks (all Super Bright 6" LED Digits) deployed on XC courses depending on the length of the race. For Track meets we also have 2 wind gauges for the short Sprints, Hurdles and Horizontal jumps. Fast Feet has Timed the Georgia Middle School State Championships in both XC and Track the past 2 seasons, as well as many Region and County Championships and some large invitationals like NEGA, Westover, Darlington, and The Battle of Atlanta. Fast Feet is also Timing (2) of the new Sectional Qualifiers for the State Meet!

We utilize **MileSplit Online Entry/RaceTab Meet Manager** and can incorporate Active.com entries, mail in entries and race day entries for Road Races. Our rates are the most reasonable in Georgia and are based on the total amount of teams participating in a meet and the previous year's participation. Our service radius can extend as far south as Albany, east to Aiken, SC, north to Tennessee/NC and west to Alabama with a small fuel charge **only** added. Races within 75 miles of the Athens/Lake Oconee area (no charge)

State qualifiers receive discounted rates. We also give special rates for school 5K Fundraisers which we guarantee excellence compared to standard Road Race Timers, including results posted same day and available minutes after the last runner has finished onsite! For Track and Field Meets we have results printed and ready for you to post/announce on the PA system within a minute after each event is completed. Also, being that Bruce Taylor is the webmaster of gatfxc.com, its **guaranteed 100%** your meet results will be posted on the site within 1-2 hours of your meet's completion and all athlete's performances will be captured to their personal Profiles, Team pages and stats including the Rankings database within 24 hours.

Basic Rates for Track and Field 2012 (Includes Hip numbers) Meet Director sets up MileSplit Online Entry saving you even more money and time...
