4. Select Enter the Meet, the top option on the left menu. You will now be directed to login. If you've never created a CoachO account, you will need to make a new account. If you've used your email on CoachO before, you will have to use that email address and password, you cannot create another account on the same email. If you have forgotten your password, click the forgot password link.

To create a new account:

Click Add Account in the top left corner of the screen, it is a red button. Select the type of account you want to setup. When you enter Athlete information, be sure to pay attention to the first box, it is gender and is frequently overlooked. When selecting grade, grades with the HS abbreviation prior to the classification (HS- FR, HS-SO, etc.) are for HS, while FR, SO are for college level athletes. Add all athletes you will be managing for this meet. You will receive an activation code via email for new account verification.

5. On the back end of the registration, click the red colored I that is associated with the meet. This will take you to the registration entry page.
6. Enter the events you wish to compete in, identifying starting heights, distances and times. If you don't add a mark, you will have No Mark, NM.
